

## **BE PREPARED**

### **In the Morning:**

1. Unpack your bag.
2. Hand in homework (math 7: show your math HW to Miss Crachi).
3. Hand in any notes.
4. Make sure you have at least 2 sharpened pencils.
5. If you have prayer requests, put them in the box.
6. See Miss Crachi if you have any questions.
7. Make sure your desk and area are clean.
8. Do your job if necessary.

### **After School:**

1. Bring everything in from the hall by 2:50 P.M.
2. Pack your lunch bag, planner, and anything needed for homework, tests, quizzes, projects, etc. (such as the book, notebook, folder with packets in it: do not just bring home what's needed for the next day: study ahead): check the board and/or your planner (they should be the same; if not, time to make them the same).
3. Make sure your desk, area, and locker are neat.
4. Put up your chair.
5. Do your job if necessary.

### **Between Classes:**

1. Get everything you need for the next class.
2. Use the bathroom and/or get a drink.
3. When you are ready for the next class, you may talk if there is time.

### **What do you need for classes?**

See "desk and locker" list for what you *must* have in your desk in case we use it, at any time.

### **In addition:**

-writing: whatever is needed for what we are working on (ex: folders, directions, and anything for the "All About Me" or country report projects)  
-other subjects: the appropriate textbook or book for each subject, the folder and notebook for that subject (if it has one), any packet for that subject (which should be in the folder)

***During the school year, it is your responsibility to notice when you need to replenish the items on this list and to then notify your parents so you will be able to restock things when necessary. You need to be aware of this ahead of time, before you run out of something so your parents have time make purchases.***
